

It's entirely Allan's fault, a minor re-edit of the yearbook and I got to be all-inventive and add a page or two. However, this entry is way better than sliced toast, it's:

(more) Statistics *by Dr Teo*

Ever wondered (of course you have) who are the best corporate teams in NZ..... Obviously luck of the draw and simply winning a regatta just isn't enough. Well, here comes the

(unofficial) NZ Dragon Boat Corporate Leagues

These league tables are based on consistency of race times (in 4 out of 5 races) averaged over at least two major regattas:

1	<p>NZ Airforce</p> <p>Not quite sure how the Airforce is a corporate team, but no denying how good they are (they can fly, haha). Airforce took out both the Nationals (in 2:28.45 for the 500m) and the Tiger Beer Festival (in 1:09.33 for the sprint).</p> <p>Mind you EW trashed them in Round 3 of the Nationals.....</p>
2	<p>Intergen Yellow Raptors</p> <p>Cool hair, A solid 3rd at the Nationals (beating WCC by a whole division) and, 2nd at Wellingate (just behind WCC).</p> <p>Very consistent</p>
3	<p>WCC Conquerors</p> <p>Too strong in home territory but beaten down in the Nationals. Speedy... but lacking in the ability to hold a straight line.</p>
4	<p>Environment Waikato</p> <p>Never far away, beaten by an odd draw/race system at Wellingate, but figuring strongly in both the Tiger Beer festival and the Nationals.</p> <p>EW Rocks!</p>
5	<p>ARC Angels</p> <p>Always just behind EW :)</p>
6	LION
7	SKY Dragons
8	North Shore City Dragons
9	EDS
10	Screws Loose

These statistics have a margin of error of 3.86% and are based strongly on the Tui principle. All disagreements with the (near perfect) rankings system that I have employed should be forwarded to the Electoral commission where I am positive they will receive in-depth attention.

Thought that was it? Hell no (as in, can I hear a Stone Cold.....). The Doctor has an endless number of numbers. So here are a few more:

Eco-Warriors Rock Personal Stats

EW Ranking (by aggregate race times) at major regattas

7th	
	<p>Nationals (Auckland)</p> <p>Despite 'that' race; EW accomplished a mean race time for the 500m of 2:37.79 (and a win over the Airforce).</p>
4th	<p>Tiger Beer Festival (Auckland)</p> <p>Despite being drawn against the Tidal Drag, EW still ranked 4th overall on aggregate. And improved on this ranking to take 3rd in the Corporate Championship Final.</p>
4th	<p>Wellingate</p> <p>May have finished down the track due to one unfortunate race, a fraction of a second, and a punishing 'sudden death' system of race seeding, but still ranked 4th overall and took GOLD in the Social Grand Final.</p>

EW Ranking (by Finals position) at major regattas

7 th (2nd Corp. A Final)	<p>Nationals (Auckland)</p> <p>Beaten by WCC Conquerors in the Corporate A Final to take home a nice bit of cardboard.</p>
3 rd (3rd Corp. Championship)	<p>Tiger Beer Festival (Auckland)</p> <p>A close finish; pipped by the Airforce, NSC Dragons, and a ferocious Tidal Drag</p>
21 st (GOLD Social Grand Final)	<p>Wellingate</p> <p>One race, a bizarre draw system and, despite posting a top-placed aggregate time, seeded into the Social Grand Final.</p>

15 Races in 3 Major Regattas, and.....

WINS!	EW won 6 of the 15 races (40%)
2nd	3 Seconds (20%)
3rd	5 Thirds (33%)
4th	1 Fourth (7%)
